REGISTRATION OF HORSES AND PONIES

Horses and ponies can only be registered by an <u>ADULT MEMBER</u> even if the adult does not compete.

Ponies with BSJA winnings of 17 points or over must show a valid Joint Measurement Board Height Certificate to be registered.
Memberships run for 12 months, for example March 2004 to March 2005. Horse and pony registrations are to be renewed each calendar year (i.e. a pony registered in November 2003 needs to be re-registered in January 2004)

A BSJA competition number will be allocated to each new registration.
If a horse or pony is not re-registered the following year, the number allocated to it will return to the pool of numbers, unless the member pays the registration fee to keep the number. Plastic numbers no longer in use should be returned to the registrations secretary, or the appropriate replacement fee paid.
