Points which will count for grading will be awarded as follows:-

First Place Prize Money	Points awarded for Placings

Prizes over £60 will follow the same pattern, i.e.1 extra point for every £20 increase.

The table in Rule 76.6 will be used to determine which lower placings receive points.

In the case of fewer than 11 starters in a class, a reduced number of points will be awarded for 1st and 2nd place as follows:

6 to 10	2	1	0

If the first place prize money is greater than £20, the number of points awarded will increase accordingly, following the pattern in the previous table.

Prize money for sponsored classes will continue to be awarded as previously, but will not count for grading purposes.

For each event that a member competes in, it is a condition of entry, including late entries, that both a helper and a time and day for helping are included on the entry form. The event organisers reserve the right to return or refuse any entries that do not meet with these requirements.

SHOW JUMPER OF THE YEAR QUALIFICATION

Qualifying horses and ponies which upgrade will jump in the grade in which their last double clear round was achieved.
